

Yeshua Magdalene Initiation

ε Labyrinth Walk

The Shift of the Ages through an astronomical process known as the precession of the equinoxes is moving humanity from the Age of Pisces to the Age of Aquarius.

This shift will continue to show us the re-emergence of the Goddess, this time in perfect balance with the Divine masculine.

Receiving the Yeshua Magdalene Initiation will speed up the masculine/feminine balance in your being leading to the integration of the brain with the heart and a deep healing of the diseases of fear and separation which have hallmarked the Piscean Age.

Your workshop will include:

- Establishing and/or deepening your connection to the Goddess energies re-emerging in the world today;
- The Yeshua/Magdalene initiation promoting balanced/integrated feminine & masculine energies within;
- A sound healing session using the Gong and the White Stone Carillon, a special quartz singing bowl set to the Key of David. The Key of David is called the heartbeat of Mother Earth, as confirmed by NASA research;
- Anointment of your chakras and feet with an exquisite Yeshua/Magdalena essential oil blend... & more, including learning the Lords Prayer in Aramaic, the language spoken by Yeshua when he walked ancient Palestine.

Labyrinth Walk

In walking the Chartres style labyrinth the walker meanders through each of the four quadrants several times before reaching the goal. An expectancy is created as to when the center will be reached. At the center is a rosette design which has a rich symbolic value including that of enlightenment. The four arms of the cross are readily visible and provide significant mystical symbolism.
