**Robert's Journal of the Mystical French Adventure (MFA) 2009**

I landed in London Heathrow early on the morning of the 14<sup>th</sup> of June. The flight arrived early due to a favourable tail wind. I was able to make the transition from Heathrow to Stansted early enough to be able to catch a Ryanair plane to Carcassonne, had I wanted to try. Instead I followed the conservative advice of my Adelaide travel agent who did not foresee the favourable tail wind. So I leisurely made my way to Stansted airport and when I reached Stansted by bus I took a cab to the Great Hallingbury Manor and spent the night there. When my room became available at around 12 noon I immediately showered and took a well deserved nap and fell asleep till eleven at night.

I went out of my room at midnight hoping to find the internet room that I read about in my room guide telling me what was on offer at the Manor. Luckily the night manager, who is a student of Osho, was available and he walked me to the appropriate room. Not having my own lap top, he offered to set me up on one of the hotel's computers behind his work station at the Manor. I spent about three hours answering my email, going to various websites and taking care of other business. Then I went back to my room and meditated and completed my 108 Moola Mantras<sup>1</sup> for the new day. There was a group of 108 Oneness Blessing givers from around 38 countries and we were all doing 108 Moola Mantras for 21 days in order to empower the Puja for each of our material needs. There were two Blessing givers in Kerela State India who were doing a 21 day Puja to manifest material abundance. Thank you Janice Sangha Mitra for organizing this wonderful experience to promote oneness in Kerala State and to help prosper the 108 OB givers as well!

I awoke early on the 15<sup>th</sup> of June, took a cab to Stansted airport, and caught a Ryanair plane to Carcassonne, landing there at 12:45pm. I rented a Renault 7 seater for the seven of us doing the 2009 French Adventure together and drove to Bridget Lytton-Minor's house in Quillan. Bridget is one of the founders of La Val Dieu and it is her funding which made it possible for our La Val Dieu hosts, Pat and Russell Cooper to live and work at La Val Dieu and eventually to have a share in the property.

I had not seen Bridget in many years as she had not been at La Val Dieu when I was last there in June 2007. Bridget is a heart of gold. She had offered her Quillan house and her Quillan Yoga studio to me if our group had risen beyond the capacity of La

Val Dieu to accommodate us in 2009. I stayed with Bridget in Quillan until the Mystical French Adventure started on the 18<sup>th</sup> of June.

On the afternoon of the 16<sup>th</sup>, Bridget brought me to the Angel Sanctuary set on 120 gorgeous acres in the mountains above Alet les Bains. Started by Lorraine Coffey and Eugene in County Wicklow Ireland, the Sanctuary had moved to France in 2007. Bridget introduced me to these two beautiful beings and I spent an hour meditating on the 30 or so paintings and mystical writings<sup>2</sup> Lorraine had done of the angels who had presented themselves to her over the last seven years. I decided then and there to offer this Angel Sanctuary experience to the group if they desired this... instead of our planned visit to La Cité in Carcassonne.

On the morning of the 17<sup>th</sup> I met Anneke and Peter Kormans. I had been in email correspondence with Anneke for the previous 6 or 7 years regarding different aspects of my Mystical French Adventure. Anneke is a very knowledgeable and highly intuitive Rosicrucian who has made a deep and serious study of the Goddess, Celtic, Templar and other mystical and historical influences which have flowered in the Languedoc in its long and sacred history. They graciously brought me around to some sacred sites I had not been to and treated me to a wonderful lunch at Rennes le Bain. Before our lunch I had offered them a Oneness Blessing on the Throne of Isis. They were both quite moved by the experience, Peter going into the silence of nature (he was very happy to be temporarily free of the normal chatter in his mind). Anneke received the essence of the blessing and its deep connection to the esoteric purpose of the Avataric couple, Sri Isha (Yeshua) and Mary Magdalene who were giving their disciples the same initiation (Deeksha or oneness blessing) 2000 years previously, in order to help them awaken to Oneness.

Before leaving Bridget's, she informed me of a concert with Erik Berglund at the church of Cubières sur Cinoble near Mount Bugarash on June 24<sup>th</sup>, the last evening of our tour. I planned to incorporate this into our 8 day tour as well.

I headed off to La Val Dieu the morning of the 18<sup>th</sup> and went right to the Yoga studio for a thorough cleaning of the sacred space that was to be our meeting ground for yoga, Anointment Healing classes, Oneness Blessings and some of the Munay Ki Rites.

<sup>2</sup> Angel of Guidance... Man must feel with his heart and see with the eyes of his soul. For it is only he who can truly see his path... for if not he shall never find his way. To listen to ones self and to feel ones feelings is to allow the heavenly angels to well up deep within you. As your soul merges with heavens, becoming one, unlocking the many doors to a wondrous journey... and it is only then that you will have found the Way.

Wai Ching, a Medical Doctor from Malaysia was the first guest to arrive, and, small world would have it, she was delivered to La Val Dieu by Peter Kormans! Next came Sherrie from New South Wales Australia and Catherine from Ireland who were both gathered by Pat Cooper, our host and chef, in Couiza. And finally the family from Vancouver Canada, Marc, Carol-Anne, and Amanda arrived around 4 pm in their own rented Jeep. Carol-Anne is a Oneness Blessing giver who had done her Level 1 and Level 2 training in India.

We had our Orientation in the Yoga room at 5pm and then we walked up to La Pique. I informed the group that they were on sacred grounds and that the Goddess energies were readily available to them over these next 7 days and that they could ask the divine Mother (in whatever form they connected to Her with) for whatever they needed and wanted. Before bed Carol-Anne and I gave the group their first Oneness Blessing of the 2009 France sacred site tour and energy healing seminar.

One of the sacred events that manifested at the last moment was our solstice ceremony in the evening at the foot of Mount Bugarash. Each of us had to overcome the cold and wind as we connected to more than 50 groups around the world who were bringing in acceptance, love, joy, and oneness during a two hour crystal bowl ceremony. At Mount Bugarash we also had the grace of listening to the didgeridoo along with the celestial sounds of the bowls.

### **Some of my remembrances of my experiences with you:**

Catherine had quite a triumphant experience before, during, and after the Mystical French Adventure. Before the Adventure she had been flat on her back with severe sciatic pain. She finally had to get a cortisone injection in order to bravely make the trip. Catherine and I had met nine years earlier when she had been a student of mine during my workshop at Chrysalis, County Wicklow, in Ireland. Catherine was the most dedicated student in France, especially considering her physical circumstances. She hardly missed an event, including all the hiking we did... even up Montsegur. Congratulations dear Catherine for experiencing that love conquers all! Your heart is as huge as the Universe!

Catherine has been photographing orbs for a number of years and during our French Adventure she got Wai Ching hooked on the process... its good you were roomies at La Val Dieu.

During Marc's second Oneness Blessing he had the experience of a distinctly feminine energy staying with Her invisible hands on his head well after the physical oneness blessings were over. This grace will serve to open Marc more and more to the hidden hand of grace that constantly guides us all. Thank you for your great generosity dear Marc, it was a wonderful pleasure to meet you.

Wai Ching was given the direction to follow her heart when she makes her next career decision. She is a very humble medical doctor who keeps her feelings well hidden. She was released from a couple of very sticky energies during the Adventure and the Oneness Blessings, Munay Ki initiations, and Magdalene initiation on the

Throne of Isis will help Wai Ching open more completely to the path of the sacred heart. May Quan Yin Bodhisattva and the Magdalene continue to guide you Home. You are deeply loved!

Sherrie was initiated to quiet the mind and consciously open you up to the constant guidance of the heart. Let the seeds planted during all your initiations be fired, fuelled, grown, watered and nurtured by your dedication to your secret and sacred heart. Remove the veils. Let the traumas and false identification be lifted. Let Jaguar chew them up and spit them out as fertilizer. Ask and it shall be granted!

Carol-Anne, already graced by the Avataric couple Sri Amma Bhagavan, your awakened heart will continue to flower. Very sensitive to the energies of grace... at the bridge, with the group after their Anointment Healing sessions, at the Source du Madeline in Rennes, with the Harmony Munay Ki Rite, at the Angel Sanctuary, and All-Where, you immediately manifested the grace given at Orientation and received the gifts of the divine Mother while still on the tour... call on Her always.

Amanda... congratulations on being way ahead of the curve. Nature is your way in to the Mysteries... stay connected to Her Beauty way. Your heart is so loved by the Lord. Your life is very blessed.

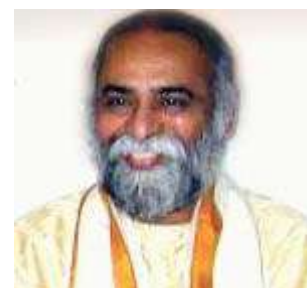

Dear Ones... may the Angel of Remembrance be with you always so that you re-member your Higher Sacred Self and bring the divine Grace into every thought, every action, every word, every circumstance. Remember the words of Sri Bhagavan...

Your mind is not your mind.

Your thoughts are not your thoughts.

Your body is not your body.

Your self is just a concept.

- Sri Bhagavan

I am grateful to you all. You have given me the opportunity to be of service to the Light that each of you are.

May the Grace that flowed abundantly during our Mystical French Adventure be cherished, honoured, and remembered by you always.

In Loving Oneness,
